

Don't Let the Green Pasture Fool You !!

As spring and summer set in and pasture matures, its nutritional value drops quickly. Don't let your replacement heifers' growth rate and health suffer. Make sure their additional nutritional needs are met using Westway Liquid Supplements.

Westway Liquid Supplements give you an excellent form of supplemental nutrition to keep your heifers in top condition. This means, faster, heavier weight gains for an optimal freshening age. Best of all, it's available to your heifers in a convenient lick tank feeder. There's no labor on your part - we'll keep the lick tank filled for you.

So make sure your dairy and beef heifers are growing at their optimal rates. Call us today to have Westway Liquid Supplements work for you !
